**EXAMINER'S AMENDMENT**

*Amend C*  
*# 11*  
*T.D.*  
*10/03/03*

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jeffery J. Makeever on October 27, 2003.

The application has been amended as follows:

Claim 32, line 3, after the word "system", insert ---within a network---.

Claim 33, line 3, after the word "system", insert ---within a network---.

Claim 34, line 3, after the word "system", insert ---within a network---.

Claim 35, line 3, after the word, "system" insert ---within a network---.

Claim 36, line 2, after the word, "system" insert ---within a network---.

Claim 37, line 2, after the word, "system" insert ---within a network---.

Art Unit: 2143

Claim 38, line 2, after the word, "system" insert <sup>✓</sup> ---within a network---

Claim 39, line 2, after the word, "system" insert <sup>✓</sup> ---within a network---

Claim 40, line 2, after the word, "system" insert <sup>✓</sup> ---within a network---

Claim 41, line 2, after the word, "system" insert <sup>✓</sup> ---within a network---

Claim 42, line 2, after the word, "system" insert <sup>✓</sup> ---within a network---

### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art does not suggest the additional limitations of not sequentially tagging each individual message within a transaction on a transactional message passing system on a network. A thorough search of the prior art revealed more relevant art which will be cited as pertinent material not relied upon by the Office.
2. Jain et al. (USPN 5,806,075) (hereinafter Jain) discloses a method and apparatus for peer-to-peer data replication. Jain discloses that each "call" (equivalent to a "message" in the instant application) contains a Call Identifier (call\_id) which can order a call within a transaction (col. 8, lines 58-61) and does not show support or motivation to remove this feature since it is an integral part of the invention.

3. The invention distinguishes itself from Sanders et al. (USPN 5,563,879) (hereinafter Sanders) (cited in previous Office Actions) since that each segment of Sanders comprises a header (31) which specifies in which order the segments are to be reconstructed (abstract) and does not show motivation to remove said header since this will destroy the invention.

4. The invention distinguishes itself from Bell et al. (USPN 6,044,081) (hereinafter Bell) (cited in previous Office Actions) since that each segment has a segment number field (520) and each segment number field is increased to the next integer value for each subsequent segment (col. 20, lines 54-65). Bell does not disclose motivation and is not of common knowledge to one of ordinary skill in the art to remove this segment number field since it is an integral part of the invention.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

7. Demers et al. (USPN 5,781,912) discloses a recoverable data replication between source site and destination site without distributed transactions.

## Notice of Fee Increase on October 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on October 1, 2003. See Revision of Patent Fees for Fiscal Year 2004; Final Rule, 68 Fed. Reg. 41532, 41533, 41534 (July 14, 2003).

The current fee schedule is accessible from (<http://www.uspto.gov/main/howtofees.htm>).

If the fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due" but not the correct amount in view of the fee increase, a "Notice of Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice of Pay Balance of Issue Fee," if the response to the Notice of Allowance is to be filed on or after October 1, 2003 (or mailed with a certificate of mailing on or after October 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously-paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Effective October 1, 2003, 37 CFR 1.18 is amended by revising paragraphs (a) through (c) to read as set forth below.

Section 1.18 Patent post allowance (including issue) fees.

- (a) Issue fee for issuing each original or reissue patent, except a design or plant patent:
- |                                       |            |
|---------------------------------------|------------|
| By a small entity (Sec. 1.27(a))..... | \$665.00   |
| By other than a small entity.....     | \$1,330.00 |
- (b) Issue fee for issuing a design patent:
- |                                       |          |
|---------------------------------------|----------|
| By a small entity (Sec. 1.27(a))..... | \$240.00 |
| By other than a small entity.....     | \$480.00 |
- (c) Issue fee for issuing a plant patent:
- |                                       |          |
|---------------------------------------|----------|
| By a small entity (Sec. 1.27(a))..... | \$320.00 |
| By other than a small entity.....     | \$640.00 |

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.
